ABOUT ME

Hi, I'm Vijay Yadav, a second-year BCA student with a strong interest in web development and programming. I've been learning and working with technologies like HTML, CSS, JavaScript, Java, Python, and C programming, and I enjoy building responsive and user-friendly websites. Currently, I'm looking for opportunities to gain real-world experience through internships or freelance projects, where I can apply my knowledge and grow as a developer. In my free time, I enjoy exploring new tech tools, watching coding tutorials, and working on creative web designs..

EDUCATION

2024-2027

Bharti Vidyapeeth University

Bachelor of Computer Application

I'm currently studying at Bharti vidyapeeth University (IMED College) while independently learning how to build web applications from the ground up. . With a growing passion for coding, design, and creative problem-solving. I enjoy turning ideas into real, functional digital experiences. Whether it's designing with Canva, coding websites, or learning new tech, I'm always exploring, building, and growing.
